## About the Plant Fairs Roadshow

We are a collective of specialist nurseries who organise and promote Plant Fairs in the South East. We always offer a wide range of locally grown, garden worthy and often unusual plants. As expert growers we aim to create memorable gardening events at some of the best gardens and venues in our region.

## Personal Shopper Service

This is a great opportunity to buy direct from the grower, and to help you select from the wide choice available at each fair, our Plant Doctor will be there to offer impartial advice and guidance. If you wish to book a free appointment for the Plant Doctor's personal shopper service please contact him directly by email at [info@plant-fairs.co.uk](mailto:info@plant-fairs.co.uk) stating which plant fair you plan to attend. Why not ask for planting suggestions for that difficult area of your garden?

## Environment

All our nurseries are working hard to reduce the environmental impacts of their activities, including the phasing out the use of peat-based composts. We also have an expectation that you help us by bringing your own reusable bags wherever possible.

## Timed Entry Admission

We hope to continue timed entry ticketing at some events this year. This innovation not only helped keep visitors and nurseries safe but also helped us reduce queues and improve the service each of our experts could offer. Please check [www.plant-fairs.co.uk](http://www.plant-fairs.co.uk) and the venue website if you need to pre-book to avoid disappointment on the day. Most admission fees include access to both the fair and the garden (but some events require an additional garden entry fee).

## Sussex Prairie Garden, Nr Henfield

### Specialist Plant Fair, Sunday 5th June

### AND Autumn Plant Fair, Sunday 4th September

£10 entry. Season ticket holders free. Child & RHS discounts.

We are looking forward to two visits to this impressive and unique Sussex garden 2022. As always, the stalls will be set amongst the extensive plantings of the acre garden perfectly suited to holding such large events. Why not join us in June when the true scale of the garden can be seen, and then again in September when the prairie plantings are in full flourish? Teashop in the grounds.
